Xcel Energy			
Docket No.:	EL17-044		
Response To:	SD Public Utilities Commission	Data Request No.	1-4
Requestor:	SD Public Utilities Commission Staff		
Date Received:	October 12, 2017		

Question:
For each company, how far are the nearest facilities to the new location?

Response:
Xcel Energy facilities are approximately 2,600' south, however, service would need to traverse a railroad right-of-way.

Southeastern facilities are approximately 3,960' to the north and west of the new service location.
