South Dakota Public Utilities Commission

Mission Statement:

The South Dakota Public Utilities Commission will serve and protect South Dakota's consumers by ensuring safe, reliable and high quality utility services. The commission will exercise its authority and influence to ensure that residential and business consumers have access to utility services at fair and reasonable rates. The commission will be proactive and solutions-oriented in striving to maximize consumer utility value and education while working to enhance the economic and environmental well-being for citizens of South Dakota.

2008 Summary:

The commission has territory, complaint and quality of service authority regarding all telecommunications companies operating within South Dakota. The commission retains its switched access rate making authority for all telecommunications companies providing local service, including small, independent and cooperative companies.

The gross receipts taxes paid by regulated telecommunication companies in South Dakota for 2008 totaled \$792,385.17.

In 2008, 153 telecommunication dockets were filed with the commission. In addition to these dockets, seven dockets were filed as formal complaint dockets and 41 were informational docket filings.

The commission's Consumer Affairs staff assisted consumers with 589 telecommunications issues. Additionally, assistance was given to consumers on 218 issues related to wireless service.

Lifeline and Link-Up and Enhanced Lifeline and Link-Up programs provide qualifying South Dakotans access to affordable telephone service. In 2008, South Dakota telecommunications companies reported a total of 10,251 Lifeline customers and 7,744 Enhanced Lifeline customers. This reflects a 14 percent increase in total Lifeline and Enhanced Lifeline customers from 2007 totals. More information on Lifeline and Enhanced Lifeline trends can be found on page 14.

Forty-five companies are designated as Eligible Telecommunications Carriers or ETCs by the commission. These telecommunications companies are eligible to receive High Cost Support from the Federal Universal Service Fund administered through the Universal Service Administrative Company (USAC). In 2008, USAC distributed more than \$95 million to these South Dakota companies. More information on the USAC distribution trends can be found on page 17.

Broadband and Fiber in South Dakota

The following two pages come from a report by the Department of Tourism and State Development and the Bureau of Information and Telecommunications. It portrays the availability of broadband and fiber optics in South Dakota.

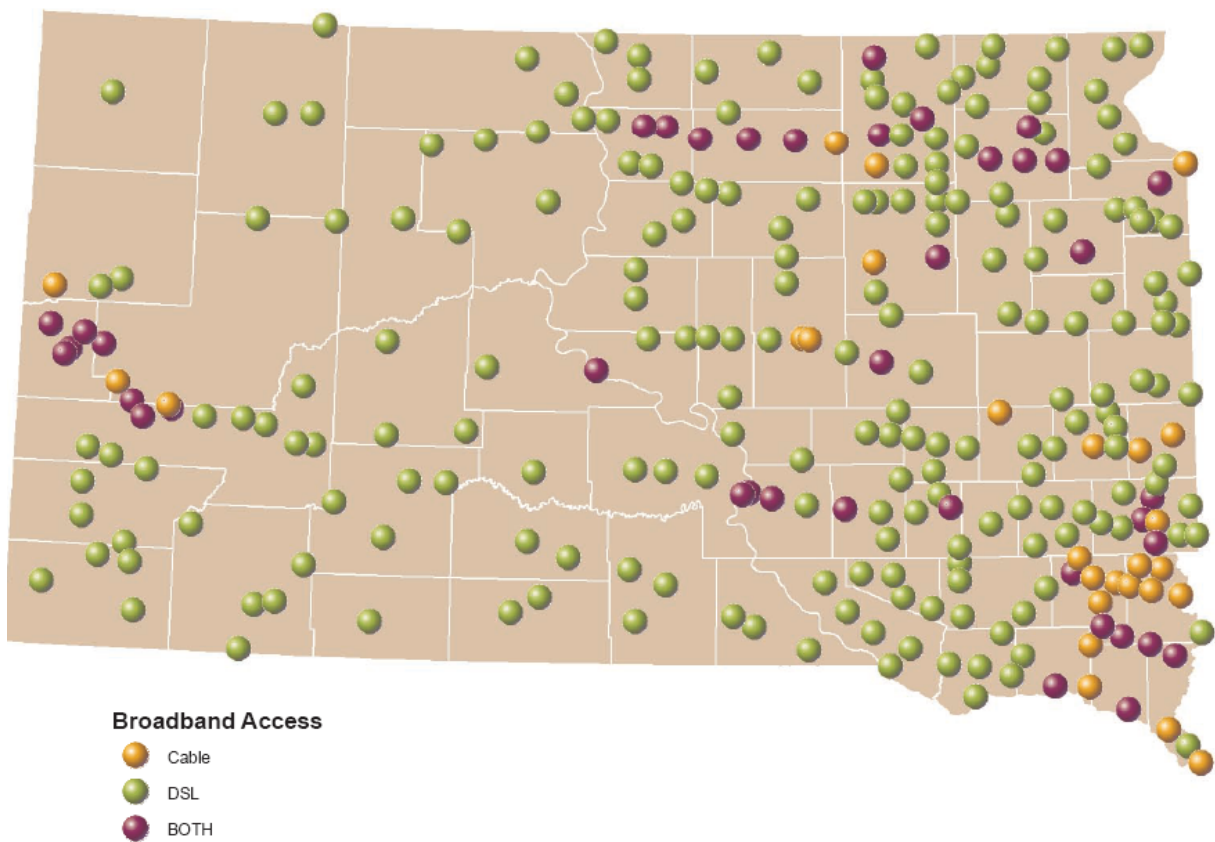

COMMUNICATIONS

South Dakota has taken an aggressive approach to insuring our population has easy access to broadband technologies and superb communications infrastructure.

- More than 67% of South Dakota's population has broadband accessibility.
- 100% of our K-12 and higher education public schools have high-speed broadband access (minimum of 1.5 Mbps) to their buildings.
- Students in South Dakota are exposed to high-speed technology and learning opportunities every day.
- More than 400 attendance centers have had access to the Internet and other state-provided applications since 1999.

- Metro and wide area Ethernet networks
- Single-line, multi-line or PBX trunk line services
- High Speed Internet
- Self-healing architectures
- Web hosting
- Disaster Recovery
- Video Conferencing
- All communities with fiber access have at least DS3 (equivalent to 28 T1 lines)
- Several communities in micro/metropolitan areas have access to OC3, OC12 and OC 48 lines.
- Wave based services (10 Gbps)
- Network management services
- Security management services
- Cable technology
- High speed research, education and economic development networks (10 Gbps)
- 3G wireless
