East River and the East River members listed above have assigned our obligations under the Public Utility Regulatory Policies Act of 1978 to Basin Electric Power Cooperative. For a qualifying customer-owned small renewable power facility, and subject to certain adjustments and conditions as well as compliance with interconnection and safety requirements, the East River members listed above would pay, the following rates for the calendar year 2022:

Within Midcontinent Independent System Operator (MISO):	\$ 0.0172 per kWh*
Within Southwest Power Pool (SPP):	\$ 0.0147 per kWh*

*Or Real Time Hourly Locational Marginal Pricing (LMP) if greater than 50 kW

Interested individuals should contact the local electric cooperative listed above for more information. Any rates are subject to change without notification.

Please do not hesitate to contact me if you have any questions.

Sincerely,
