This filing is made pursuant to current efforts of the Commission to verify electric territory mapping data for conversion to electronic format and use in a geographic information system (GIS) database. With the assistance of the above-referenced utilities, Staff has confirmed the service territory boundary shared by these utilities and has prepared updated mapping information. Staff asks for approval of the agreement to update official mapping data to properly reflect the service territory boundaries shared by the utilities in this docket.

On January 15, 2015, the Commission electronically transmitted notice of the filing and the intervention deadline of January 30, 2015, to interested individuals and entities on the Commission's PUC Weekly Filings electronic listserv.
