Ms. Patricia Van Gerpen South Dakota Public Utilities Commission State Capitol Building Pierre, SD

Dear Ms. Van Gerpen:

Pursuant to Section No. 3, Sheet No. 33.1 (5) of NorthWestern's Electric Tariff, enclosed is 70th Revised Sheet No. 33b.

Sheet Number 33b reflects changes in the delivered cost of fuel to be effective October 2, 2015. This special fuel adjustment update provides for the inclusion of the Production Tax Credits from the Beethoven Wind Facility. The annual PTC amount of \$11,839,372 has been placed into the tracker as a reduction to fuel and purchased power costs.

The effect of this adjustment for a typical Rate 10 residential service customer using 750 Kwh per month will be a decrease in the monthly cost of \$5.21. The new monthly cost effective October 2, 2015 is \$88.74. This includes the interim rate increase that became effective July 1, 2015.

Should you have any questions regarding the above changes, please advise.

Sincerely,

Jeff J. Decker

Regulatory Specialist
