The proposed pipeline route passes nearby on property originally homesteaded by my grandfather. The 2012 Brass Family LLLP owns the home acreage (8 acres) which is already encumbered by the Lewis and Clark water pipeline which passes directly over the frontage of the acreage. I am concerned about:

Phone Number

1. The value of this prime acreage which is in the growth path of Sioux Falls and Tea given its proximity to the proposed pipeline.
2. The possibility of a pipeline leak which would damage the local environment including our property.
3. The value of the adjacent farmland itself which the pipeline passes through. We don't own that land at this time but we have been in discussions with the current owners to purchase the land and return it to the family.
