As a resident of the United States, I feel that I have a right to be recognized for "Party Status" by the PUC of South Dakota. I drink the water that serves the Ogalalla Aquifer, as do millions of people in many states. A line that happens to separate the border of a state means nothing to the water that flows under it. Nebraskans and South Dakotans (as well as other states) stand together in this fight for our water resources.

Thank you for hearing me,

Carolyn Smith
