SOUTH DAKOTA PUBLIC
UTILITIES COMMISSION

SD PUC

Our family supports
the Keystone XL pipeline.
We have the 15+ line
running thru our land and
we were treated very well.

The reps from Keystone
stopped by and made sure all
of our concerns were answered
and taken care of even years
after it was built.

Our national security
and economic health is a lot
better with safe pipelines in
our own country.

Moving oil on rail cars
is not the answer. If you
educate yourself and know
all the facts, you will support
the pipeline, as most
Americans do.

Thank you!
