Subject: [EXT] Prevailing Winds Docket EL18-026

Prevailing Winds Docket EL18-026

I am against any additional wind towers in the vicinity of my property(Avon). The wind project is only for the gain of the investors. Any payments should be only for the gain of the local community that has it in their boundaries. Sending money to other school districts that do not have the towers in their area is totally unfair. Why should Sioux Falls schools benefit from a wind farm nowhere near their area? Unless this is changed to benefit only the schools that have the towers in their sight, no towers should be built!!

Do not approve this project!!

Sincerely,
Gerry Winckler
