SECTION 106 PROJECT CONSULTATION
Project: 060301028F – Research Design for the TransCanada Keystone Pipeline Cultural Resource Inventory in South Dakota
Location: Multiple Counties
(DOS)

Dear Ms. Munson:

On March 1, 2006, the South Dakota Office of the State Historic Preservation Officer (SHPO) received the report, "Research Design for the TransCanada Keystone Pipeline Cultural Resource Inventory in South Dakota," prepared by Metcalf Archaeological Consultants, Inc. The SHPO has reviewed the proposed research design and concurs with the strategies outlined in the report. We look forward to reviewing the final documentation for the proposed pipeline.

Should you require additional information, please contact Paige Hoskinson, Review and Compliance Coordinator, at (605) 773-6004. Your concern for the non-renewable cultural heritage of our state is appreciated.

Sincerely,

Jay D. Vogt
State Historic Preservation Officer
