Dear South Dakota Public Utilities Commissioners Hanson, Nelson, and Fiegen:

I am writing to you to request you reject the Keystone XL Pipeline certification in docket HP14-001. The risks this pipeline and its construction pose to the health, safety, and security of South Dakota's water, land, and people are unacceptable. TransCanada has shown time and time again that is incapable of building a safe pipeline. The company has lied to the people of South Dakota about the benefits of the pipeline, while completely ignoring the harmful impacts of tarsands mining and the risk to our land and water from inevitable spills.

For these reasons and more, I expect you to soundly reject Keystone XL.

Sherry Korthals
