RE: Docket HP09-001 to Construct the Keystone XL Pipeline

I am writing to inform you that I am in opposition to the construction of the Keystone XL Pipeline Project across South Dakota. My reasons are as follows:

What is the Keystone XL pipeline?

It is a foreign country, using foreign materials, to build a pipeline carrying a foreign product to a foreign owned refinery in Texas to load on ships going to the highest bidder.

Why do they want to stay over the aquifer? Is it to use our water or eventually pump it out to sell. In Spain drinking water is much higher priced than other drinks.

For the easement is a one time payment which we pay taxes and they tear up the land and use it. It devalues our land.

Say NO to KXL and protect the land God has given us to care for.

Thank you.
