Pursuant to SDCL 49-41B-17,

Cheryl Frisch

(Name of Applicant)

petitions the Public Utilities Commission to be granted party status in the above-referenced facility permit proceeding.

Briefly explain your interest in this permit proceeding. Form is limited to 1000 characters.

My interest in the permit proceeding is that I live on the land over the Ogallala Aquifer that the pipeline will cross and run through. This Aquifer is our life line. Not just those of us that live here and make our living in agriculture but we produce food for the rest of the country and we depend on our water source, the Ogallala Aquifer. We cannot live without water. The tarsands that is being trasported through the pipeline is full of poison and ingredients that we cannot have in our food supply. When this leaks it cannot be cleaned up. They still have not cleaned the spills in rivers that have had this leak into and Aquifer will be impossible to clean up or see. They are only concerned about the huge profit they are makng which is shown by how they are destroying the forst in Canada with no regard to the people that live downstream from their tailings.
