APPLICATION FOR PARTY
STATUS

Pursuant to SDCL 49-41B-17,

Terry Frisch

(Name of Applicant)

petitions the Public Utilities Commission to be granted party status in the above-referenced facility permit proceeding.

Briefly explain your interest in this permit proceeding. Form is limited to 1000 characters.

My interest in this permitting process is that I have concerns about this pipeline running over the Ogallala Aquifer and the problems it will create when it leaks. This is an export pipeline with the tarsands oil being exported when refined due to the fact of most of it will be number 4 grade diesel fuel. This company has no respect for the people or the environment that will be affected by this project no matter what they claim. Therefore I respectfully request you deny the reissuance of this permit.
