Pursuant to SDCL 49-41B-17,

Louis T. Genung

(Name of Applicant)

petitions the Public Utilities Commission to be granted party status in the above-referenced facility permit proceeding.

Briefly explain your interest in this permit proceeding. Form is limited to 1000 characters.

My wife and I are land owners along with family members and others. Our ground is in Holt County, Nebraska. We have always been opposed to the proposed routing /rerouting/rerouting. As informed citizens we now know it is not need. Opposing the proposed construction of the TransCanada Keystone XL pipeline is first nature to people most affected. Six years ago I was ask to leave a meeting of Landowners for Fairness in Atkinson even though our family land was directly affected by the original proposed route. Leaving that meeting was a beginning of a multitude of experiences and information proving time after time encounter after encounter that the Tar Sands Export proposed pipeline is Not in the Nations best interest. It is environmentally beyond question BAD and should be rejected from any further consideration.
