Pursuant to SDCL 49-41B-17,

Byron T. Steskal

(Name of Applicant)

petitions the Public Utilities Commission to be granted party status in the above-referenced facility permit proceeding.

Briefly explain your interest in this permit proceeding. Form is limited to 1000 characters.

Hello, I am Byron Steskal, a Nebraska landowner also a member of the Cowboy and Indian Alliance. We are finding out more and more each day that TransCanada does not follow through on their agreements and cannot be trusted. Example one ~ Within the Keystone I pipeline route re-seeding right of ways has not been completed. Example two ~ The route's road halls have not been maintained to the original state. Example three ~ The Southern leg of Keystone I had 287 flaws before it was ever declared safe for pumping. There are many more examples showing up every month. I oppose the construction of the Keystone XL pipeline, we need to protect our land and water. NO KXL! Thank you.
