Subject: [EXT] Dakota Access Residential area

I was just checking in to tell you there is a Planning Commission Meeting in Sioux Falls Monday night to change Agricultural land to Residential and it is on the same land that the Dakota Access pipeline went through. It's item #11.

<http://www.minnehahacounty.org/dept/pl/planningCommission/meetingInfo/agendas/2017/042417.pdf>

I was wondering what the regulations were about building on that land? Did the South Dakota PUC say 25 feet buffer or so? Thanks.
