NEAR BOWDLE, SOUTH DAKOTA )

**ORDER GRANTING  
INTERVENTION**

EL06-011

On April 12, 2006, the Commission received a petition from Montana-Dakota Utilities Co, (MDU) for the right to provide electrical service to a new grain handling/multi-unit train loading facility to be operated by North Central Farmers Elevator (North Central) near Bowdle, South Dakota. The petition requests that the Public Utilities Commission assign MDU as the supplier of electrical service to the North Central facility. The proposed North Central facility will be located in the Southwest Quarter of Section 20, Township 123 North, Range 73 West, Edmunds County, South Dakota, approximately one mile west of Bowdle, South Dakota, on the north side of Highway 12. The site of the facility is within the assigned service area of FEM Electric Association, Inc. (FEM). MDU's petition states that the proposed North Central facility will require electrical service of substantially more than a contracted minimum demand of 2,000 kilowatts and that MDU is best suited to provide such electrical service.

On April 14, 2006, the Commission electronically transmitted notice of the filing and the intervention deadline of April 27, 2006, to interested individuals and entities. On May 1, 2006, the Commission received Petitions to Intervene from North Central Farmers Elevator and FEM Electric Association, Inc. On May 15, 2006, the Commission received a Petition to Intervene from South Dakota Rural Electric Association (SDREA).

The Commission has jurisdiction in this matter pursuant to SDCL Chapters 1-26 and 49-34A and ARSD 20:10:01:15.05.

At a regularly scheduled meeting of May 23, 2006, the Commission considered this matter. The Commission found that the Petitions to Intervene demonstrated good cause to grant intervention. It is therefore

ORDERED, that the Petitions to Intervene of North Central, FEM and SDREA are hereby granted.

Dated at Pierre, South Dakota, this 5<sup>th</sup> day of June, 2006.
