Re: Service Territory Boundary Change in Section 10, T5N, R4E.

Dear Ms. Van Gerpen:

Black Hills Power would like to request a change in the service territory boundary described as the South 1/2 of Section 10, T5N, R4E between Black Hills Power, Inc. and Butte Electric. It has come to our attention through correspondence with David Zwetzig from Butte Electric, that a service territory line was not adjusted in accordance to an agreement made between Black Hills Power and Butte on October 24th, 1989. Enclosed please find the minutes of a meeting describing this change with a map reflecting the change. It is Black Hills Power's intention to honor this agreement made between our companies in 1989 and would like the change made and recorded officially with the PUC. If you have any questions regarding this or need more information, please contact me at your earliest convenience.

Sincerely,

Black Hills Power Inc,
