Subject: Re: Basin Electric Groton Local Review Committee

Mayor Rix has contacted the local boards who participated in the last review and all are satisfied that Basin Electric should be allowed to have the waiver granted. If you need further information, or if you would wish to have Mayor Rix participate in the conference call, please let Mayor Rix know at this address or call 605-397-8422.

Thanks
Anita

Subject: Basin Electric Groton Local Review Committee

Brown County Commission Chair
25 Market Street
Aberdeen, SD 57401

Mayor Gerald Rix
City of Groton
209 N. Main
Groton, SD 57445

Ms. Dorene Nelson
Groton School Board
40776 - 131st Street
Groton, SD 57445

Dear Local Review Committee Members:

Thank you for taking part in the local review committee for the proposed Basin Electric Groton Generation Station Unit 2. Basin Electric believes there is immediate need for the power generated by the proposed facility. It, therefore, filed a waiver request with the South Dakota Public Utilities Commission. Attached below please find the internet link for the waiver request as sent by Basin Electric. Please review the waiver request and consult with other members of the local review committee. Please contact me by December 18, 2006 if you oppose the waiver in any way. Thank you....call anytime with questions or comment.
