(East River) for a Facility Permit to construct a 115KV overhead electric transmission line which will allow Lake Region Electric Association to serve a pump station of the TransCanada Keystone Pipeline. The line will originate at Western Area Power Administration's Groton Substation located in the SW1/4 of Section 18, Township 122 North, Range 60 West, Brown County, South Dakota, and run approximately 13 miles, terminating at a new East River substation adjacent to the pump station located in Section 17, Township 121 North, Range 59 West, Day County, South Dakota.

At the hearing, East River will present a brief description of the project, following which interested persons may appear and present their questions, views and comments regarding the application.
