Kevin,

We are looking for some help in obtaining temporary service to the property we own west of DeSmet, South Dakota. As you know we are in the process of turning this area into a development comprised of both residential and commercial properties and have immediate needs for a seed dealership which currently has product stored in tanks onsite. Customers will need to take seed in the next week and we are requesting your assistance in obtaining the right to have Kingsbury Electric (who has agreed to help provide this if it meets with approval) place temporary electrical service for the purpose of construction and running portable equipment from across the road to the west, overhead to the east, and onto the property described below.

The legal description of the property is:

The South 654.93 feet of the SW $\frac{1}{4}$ except the East 855 feet thereof, and except Lot H-2 located therein of:

Section 28
Township 111
Range 56

The seed company on the property is Midstate Agronomy of DeSmet, South Dakota:

Your diligence would be appreciated.

Sincerely,

Kirk A. Aughenbaugh
