Subject: EL08-016 Stipulation

Dear Ms. Cremer:

The stipulation for East River Electric Power Cooperative's permit to construct a 115 kV overhead electric transmission line, EL08-016, directs East River Electric to provide the PUC staff with a copy of the completed new level III Cultural Resource Survey and response from the South Dakota State Historical Preservation Office when they are received. (EL08-016 Stipulation 5)

We enclose here both the report for the Cultural Resources Survey conducted by Cultural Heritage Consultants, dated September 12, 2008 as well as the South Dakota State Historical Society's favorable response dated October 17, 2008.

It is East River's understanding that this information fulfills that portion of the stipulation for EL08-016.

If additional information or clarification is needed, please let me know.

Sincerely,

Dan Wall, Manager  
Transmission/Engineering Services
