**Subject:** BLACK HILLS POWER'S 26.6 PROPOSED RATE INCREASE

**Auto forwarded by a Rule**

I would like to go on file, with the PUC, in objecting to BHP's proposed rate increase & /or go on file in requesting that the Commission suspend the rate increase & hold a public hearing to determine that such an increase should even be allowed.

If this email does not suffice my request(s), please advise where, on your website, that I can submit my formal objection & request to this proposed increase.
