SOUTH DAKOTA PUBLIC
UTILITIES COMMISSION

Dear Sirs,

It completely blows my mind
that BHP;L wants a rate increase
to build themselves another entity
to make more money for them
As senior citizens with no
raise in our pay from S&S
Sec. all our insurance have
increased Medicare ↑ \$10. Plus
Part D + the Copays + Deductible
& everything we buy has gone
up while giving us smaller
Containers. Now BHP;L decided
we need to increase pay them
more each month - where are
we suppose to get the money?
Seniors cannot afford what
BHP;L wants -

Sincerely
Louray & Chuck DONNER
