**Re: EL10-014 - In the Matter of the Petition of Northern States Power Company d/b/a Xcel Energy for Approval of its 2011 Transmission Cost Recovery Eligibility and Rate Adjustment**

Dear Ms. Van Gerpen:

On October 6, 2010, the Public Utilities Commission ("Commission") received a petition from Northern States Power Company d/b/a Xcel Energy ("Xcel") for approval of its proposed Transmission Cost Recovery ("TCR") Rider for 2011. In addition, Xcel seeks Commission approval of the tracker account report for expenditures and revenues realized since implementation of the first adjustment factor. Xcel seeks to begin recovery of the South Dakota jurisdictional portion of expenses related to eight transmission projects. The company proposes to recover \$729,000 from South Dakota ratepayers in 2011. The estimated average bill impact on the typical residential electric customer is \$0.2693 per month.

Pursuant to state statute, Commission Staff ("Staff") requests the Commission take the following action on this petition: 1) assess a filing fee of \$50,000 pursuant to SDCL 49-1A-8, and 2) provide the Executive Director with authority to enter contracts for expert consultation services, with a total permissible contract amount of \$40,000.

### ***Regulatory Assessment Fee***

Pursuant to SDCL 49-1A-8, Staff asks the Commission to assess a regulatory assessment fee with respect to this filing. The statutory amount designated as the filing fee in a review of this type is \$50,000. The filing fee will account for costs associated in Staff's general review of the petition and any amounts expended on outside expert services. In addition, Staff asks that the filing fee relate back to the initial filing date to account for Staff time already dedicated to this docket.

**Consultant Contracting Authority**

During the review of this petition, Staff may require the services of outside expert consultants. As such, it may become necessary to enter various contracts to obtain these services. In order to promote efficiency in this process, Staff requests the Commission grant the Executive Director authority to enter contracts on part of Staff if expert services are needed. Staff suggests \$40,000 as the amount permitted for expert contracts under this docket filing.

In accordance with South Dakota Codified Law, Staff seeks Commission approval of the forgoing actions on Commission Docket EL10-014. For the reasons stated above, it is proper for the Commission to grant an order in favor of these requests.

Sincerely,

A handwritten signature in black ink, appearing to read "Ryan Soye", with a long horizontal flourish extending to the right.

Ryan Soye
