Subject: RE: CapX permit close out

EXTERNAL

We have no issues currently with the work that was done in the SD Highway 30 right of way.

Subject: FW: CapX permit close out

Is there someone else I should be directing this request to? We would like to close out our project with the PUC as soon as possible. Thanks.

Subject: CapX permit close out

Good afternoon, Mr. Brey. I am sending this message to your attention as I believe Ron Sherman is no longer with the Watertown District. Attached please find a release letter previously mailed to Mr. Sherman in October of 2015 for the completion of the CapX2020 project. As construction has been fully completed and restored, please sign the attached release allowing the South Dakota Public Utilities Commission to release our bond. I have also attached our original utility permit for your reference (the completion notice was sent to Mr. Sherman for the permit on 3/12/2015). Thanks for your assistance.
