Ms. Missy Gaikowski
14357 444th Ave
Waubay SD 57273

Dear Missy,

The location of the site where you propose to construct a new home on Lot One of Gaikowski Hill Top Subdivision in the Southeast Quarter of the Southeast Quarter of Section 15 of Waubay Township 122 North, Range 53 lies within the service territory of Otter Tail Power Company.

Otter Tail Power Company's line extension policy would require that you would be responsible for costs of approximately \$30,000 in order for us to provide electric service to the property.

Because the site is adjacent to a site in Lake Region Electric Cooperative's service territory, from which Lake Region could provide service at a lower cost, Otter Tail Power Company would agree to a service rights exception for that location.

The service rights exception would apply only to the above-mentioned property description and would last in perpetuity.

Sincerely,

A handwritten signature in black ink, appearing to read "Kevin Kouba".

Kevin Kouba
Area Manager
Otter Tail Power Company
