Visiting with Rick Reichling, we determined that all impacts with the SD DOT have been addressed. Your bond issue will have to be handled by the SD PUC.

Thanks for the update

Todd Hertel

Engineering Supervisor

Subject: [EXT] SD Hwys

Gents,

Now that the project is completed, we are requesting that the 2 road bonds we have with the SD PUC be released. All counties and townships have signed off that the roads used for the project have been turned back to them satisfactorily.

We did not have a haul road use agreement with SD DOT, however can you send an email stating that the project has paid for any/all repairs needed on SD Hwys and that there are no outstanding road issues to be addressed? And, that SD DOT has no objection to our request to release the bonds with the PUC.

You may recall that the project did pay Duininck directly for asphalt shoulder repair on Hwy 212 in September of 2016.

Thank you,

Chris Rogers
