Mike,

Thank you for your comments and relating your experience.

The request from BHP which the PUC acted on last week only related to proper accounting for certain expenditures. No rates were changed. It is our understanding that BHP will be asking for a rate increase sometime this year. I can assure you that any such request will be thoroughly scrutinized and only those expenses, if any, which are required by law to be recovered from ratepayers will be allowed.

Sincerely,

Chris Nelson
