RECEIVED
JUN 30 2014
SOUTH DAKOTA PUBLIC
UTILITIES COMMISSION

Well, now we find out that Xcel Energy needs more money--again!
It's not enough that the city of Sioux Falls needs more for their
water/sewer service. Every year our real estate taxes are up. Vehicle
license fees up. Mid America Energy, up again (I know from last
winters heating bills). How are we as retired senior citizens, on a fixed
income, supposed to keep up with this?? The rich get richer!

My wife & I hope you do not grant this request for 8% increase to Xcel.

Thank You,

Marv Rozeboom
