RE: APPLICATION OF NORTHERN STATES POWER COMPANY D/B/A XCEL ENERGY
FOR AUTHORITY TO INCREASE ITS ELECTRIC RATES
INTERIM RATE REFUND PLAN - REVISED
DOCKET NO. EL14-058

Dear Ms. Van Gerpen:

Northern States Power Company provides the enclosed updated and revised interim rate refund plan to the South Dakota Public Utilities Commission. We have restated the interim refund amount to more accurately represent the inclusion of the amounts approved to be moved from rider collection into base rates. Additionally, interim revenue collections for January through May 2015 have now been finalized, and are shown along with a more current forecast of interim rate revenue for June 2015. Please note that when the refund actually occurs, the monthly interim revenue amounts may vary from those stated here due to bills that may be cancelled and subsequently re-billed.

Using actual interim rate collections for January through June 2015, the interim rate refund process will begin later this month, with refunds credited to customer accounts beginning no later than August 1st. When completed, we will provide the Commission a final compliance report summarizing actual interim rate refunds returned to customers.
