Analyst: SDPUC Staff

Date Received: 12/10/2014

Date Due: 12/30/2014

Date of Response: 12/23/2014

Responding Witness: Stuart Tommerdahl, Manager Regulatory Administration, 218 739-8279

Information Request:

Referring to the Customer Notice provided in Attachment 20,

- a. Explain why a 0.158¢ per kwh rate was used under prior rates for Large General Service when 0.160¢ is shown on the redline version of the tariff sheet.
- b. Provide calculations for bill amounts depicted in the table.

Attachment 1 Bill Calculation.pdf

Response:

- a. The Tariff Section 13.05 is correct and the 0.158¢ Prior Rate listed on Attachment 20 is incorrect. The Prior Rate listed on Attachment 20 for Large General Service should be 0.160¢. Attachment 2 of this information request reflects this change.
- b. Attachment 1 to this response shows the bill calculation for a Residential Customer using 800 kWh depicted in the table on Attachment 20 of the Initial Filing in this Docket. As noted in page 1 of 2 of Attachment 1, the TCR rate used to calculate the “Prior Rates” amount for the bill impact was \$0.00443 and should have been \$0.00448. Page 2 of 2 of Attachment 1 shows the corrected calculation of the Prior Rates amount. This led to an overstatement of the bill increase to a customer using 800 kWh of 4¢. Attachment 2 to this response shows an updated Attachment 20 using the correct rate of \$0.00448. The calculation of the Prior Rate amounts for all other usage (kWh) levels depicted in the table were also updated because of this correction.
