Re: Electricity Rates

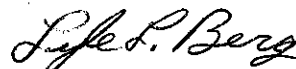

Dear Commission Members,

We, as owners of several properties emphatically request that you deny the application for electricity rate increase.

If the companies need more money they need look at diminishing expenditures and clearly there are numerous ways available to them.

Thank you for recommending against Utility Rate Increase.

Sincerely,

Lyle L. Berg

Webster, SD. 57274

Owner rep of several properties who pay significant rates each month.

*P.S. The Utilities may need to review
possibly with a 3rd clear headed party, their expenditures
there may well be a need to operate with greater
efficiency and that CERTAINLY is possible.*

*Property Owners, who pay the bills, can not tolerate
Open ended Spending Accounts.*
