SDPUC Request No. 1-2:

With respect to the whole house efficiency audit program, is the Company offering on-site audits to non-MDU customers?

Response to SDPUC Request No. 1-2:

Yes, non-MDU customers can also receive a home audit. An example would be a customer who heats their home using liquid propane. In the case of a non-MDU customer, this customer would only receive an electric kit and BHP would pay the entire cost associated with the audit.
