

Sioux Valley Energy
C/O Michele Nielson

Michele:

I am planning on building a house in the SE ¼ of Section 35 of the Wellington Township which is located in Sioux Valley Energy's service territory. The house will require single-phase 200 amp service. Southeastern Electric has an underground line on the north side of 268th street, which will be approximately 75 feet from the proposed new house. Southeastern has agreed to provide service for a fee of \$300 for a 200 amp service. I met with Jason Sage from Sioux Valley Energy and showed him the situation and his estimated cost is \$10,450 due to being 3000 plus feet away from the proposed new house. Due to the increased cost, we ask for permission to receive service from Southeastern Electric. If you have any questions please contact me at 605-376-7826.

Mike VanHove

A handwritten signature in black ink, appearing to read "Mike VanHove". The signature is written in a cursive style with a large, sweeping flourish at the end.Two horizontal lines drawn in black ink, one above the other, extending across the width of the page. The top line is slightly longer than the bottom line.
