

In April 2015, Black Hills Power, Inc. filed an application with the South Dakota Public Utilities Commission (PUC) for a change to Section 5, Rules and Regulations, of its tariff. This change affects all South Dakota retail customers. The change adds the Company's new Meter Data and Privacy Policy which governs data collected from its Advanced Metering Infrastructure ("AMI") meters on all customer premises.

The application is available in this office for inspection. Please inquire at the customer service desk.
