> Re: In the Matter of the Application by Wind Quarry Operations, LLC, for a Wind Energy Facility Permit for the Willow Creek Wind Energy Facility and Associated Facilities Docket EL15-020

Dear Ms. Van Gerpen:

In compliance with paragraphs 27 and 29 of the Amended Permit Conditions approved by the South Dakota Public Utilities Commission ("Commission") and included as part of its November 16, 2015, Order Granting Joint Motion for Approval of Settlement Stipulation and Granting Permit to Construct Facilities ("Order") in the above-referenced docket, Willow Creek Wind Power, LLC ("Willow Creek") submits the attached supplemental documentation to address the following:

- Site plan showing set-backs. There are turbines within the 1.1x tip height of property lines but those are all between participating parcels, where the participating landowners have waived the set-back;
- Orsted corporate Emergency Planning Procedure;
- Site specific emergency action plan for Willow Creek.

Willow Creek can confirm they will inspect in the spring and confirm that reseeding was effective.
