Does Otter Tail's energy efficiency program in Minnesota cap the dollar amount of rebates a single customer can receive?

Attachments: 0

Response:

Otter Tail does not cap the dollar amount of rebates a single customer can receive in its energy efficiency program in Minnesota. To meet Minnesota's strong annual savings goal of 1.5 percent of retail sales and to maximize net benefits delivered to all customers, Otter Tail rebates customers for the net benefits delivered with no cap limit on the dollar amount of rebates a single customer receives.
