[REDACTED] has sent you the following story: [Aging And Unstable, The Nation's Electrical Grid Is 'The Weakest Link'](#)

**Melanie Bliss thought you would be interested in this story**

**Message:** Hello I am sending the transcript of the radio program on SDPB yesterday about "The Grid" with the author, Gretchen Bakke, being interviewed. I find it fascinating, and a good thinking piece for you before the hearing in Avon. Most cordially, Melanie Bliss

**Aging And Unstable, The Nation's Electrical Grid Is 'The Weakest Link'**

In her new book, *The Grid*, Gretchen Bakke argues that the under-funded power grid is incapable of taking the U.S. into a new energy future. She explains the challenges to *Fresh Air's* Dave Davies.
