Subject: Support for Prevailing Winds Project

Dear SD PUC Commissioners,

We own land within the footprint of the proposed Prevailing Winds wind farm project. We support the project because the lease payments we will receive will benefit our family partnership, and the tax revenue will support the local communities and the state at large. Further, we believe that the investments to construct the wind farm will benefit businesses in South Dakota, such as the tower manufacturing facility in Brandon, and the blade manufacturing facility in Aberdeen. Finally, local jobs will be created for the maintenance and operation of the wind farm, helping to diversify the rural ag economy.

Sincerely,

Morris and Marcene Radack  
Yankton, SD
