Mr. Jim Grimes
Lake Region Electric Association Inc.
PO Box 341
Webster, South Dakota

Dear Mr. Grimes

RE: Release of customer

Please accept this letter as official release of electric service for Mark Miller located in the East ½ of the NE ¼, Sec. 28, Township 122, R 52W, of Roberts County, South Dakota.

Specifically, we will release the single phase residential service for Mark Miller located in the above mentioned legal description. This release will be for single phase, residential service only. Since this is not a service territory exchange, we would expect to discuss any future projects located within our service territory on a case-by-case basis.

Lake Region Electric Co-op will be responsible for notifying the SD Public Service Commission of this change.

If you have questions in regard to this letter, please give me a call at 1-800-346-4920, ext. 6601.

I appreciate the cooperation between Lake Region Electric Co-op and Otter Tail Power Company and look forward to continuing that effort in the future.

Sincerely,

A handwritten signature in black ink, appearing to read "Kevin Kouba".

Kevin Kouba
Area Manager
