

REVOCATION AGREEMENT

This agreement is entered into between West Central Electric Cooperative, Inc. of Murdo, South Dakota, hereinafter "West Central", and Oahe Electric Cooperative, Inc., of Blunt, South Dakota, hereinafter "Oahe."

The parties hereto have previously entered into a "Letter Agreement for an Exception to Service in Assigned Area" executed by West Central on March 9th, 1992, and by Oahe on March 11th, 1992. Under the terms of that agreement West Central agreed to allow Oahe a path for delivery of electric power and energy allocated to the Lower Brule Sioux Tribe by Western Area Power Administration from the Pick Sloan Missouri Basin Power System for the purpose of the operation of irrigation systems located in Sections 10, 11, 12, 13, 14 and 15, Township 109 North, Range 76, West of the Fifth Principal Meridian, Stanley County, South Dakota.

The terms of that agreement were never actually implemented. It now appears to both parties that the agreement will not be implemented, and therefore that it should be revoked.

The parties therefore agree that the above referenced agreement shall be, and is hereby fully revoked and rescinded.

Both parties believe that since the agreement was never implemented, and because it did not involve an actual transfer of an assigned service area, it is unnecessary to obtain the approval of the Public Utilities Commission for the revocation of the agreement. However, in the event that it should later be determined that such approval is necessary, both parties agree to submit this agreement for such approval, and to stipulate to an order revoking the agreement.
