SDPUC Request No. 4-1:

BHE's response to DR 1-2 states there are 38 small power production customers, 27 residential and 11 commercial. However, the "Summary" tab of the "CONF SDPUC 1-2" file only shows 35 customers. In the "CONF SD875" tab, [REDACTED], and [REDACTED] had meter number changes in 2016 and ended up getting reported twice on the "SD875 Summary" tab. Thus, should this response read 35 small power production customers, 24 residential and 11 commercial?

Confidential Response to SDPUC Request No. 4-1:

Yes, the Company inadvertently counted the three customers twice and the correct number is 35 small power production customers, 25 residential and 10 commercial customers.
