**Subject:** [EXT] Crocker Wind Farm EL17-028

Dear Madam Chairperson and South Dakota Public Utilities Commissioners,

As a landowner in Clark county, I would like to communicate my support for the Crocker Wind Farm EL17-028. This project is at the forefront of wind technology and will provide many benefits not only to the environment in general, but for the surrounding communities specifically.

The reduction alone for CO2 emissions will be 600,000 tons per year. In our current struggle to deal with climate change, whether real or perceived, that is a huge number! Cleaner energy should be everyone's priority.

The Community Fund and economic impact that will be provided to the communities within the project will be an added bonus to the county.

For these reasons, I fully support Geronimo Energy and look forward to working with them. Thank you.

Sincerely,

Chess Obermeier

  
Chicago, IL 60610
