To Whom it May Concern,

I am writing to you as a landowner in the project Crocker Wind Farm (EL17-028), a Geronimo Energy wind farm development located in Clark County, South Dakota, to share my support.

We are highly supportive of the Crocker Wind Farm. It will bring much needed activity and jobs to this part of South Dakota. I personally believe that more development and even industry (such as data centers) is possible when this energy infrastructure becomes built-out

- ❖ I support Crocker Wind Farm because it will provide economic benefits to the local economy, tax base, schools, local residents and county and towns.
- ❖ I support Crocker Wind Farm because it will provide numerous benefits for the local and broader environment, including water consumption savings and carbon dioxide emissions reductions.
- ❖ I support Crocker Wind Farm because its developer, Geronimo Energy, is a responsible and thorough developer.

If you need further communication please refer to the information below:

Project Name: Crocker Wind Farm (EL17-028)
