Xcel Energy

Docket No.: EL17-044

Response To: SD Public Utilities
Commission

Data Request No. 1-2

Requestor: SD Public Utilities Commission Staff

Date Received: October 12, 2017

Question:

The second paragraph of page 3 is unclear. Is this describing a different location besides the new location being evaluated for this service rights exception? If so, when was the older location serviced by Southeastern?

Response:

Yes, that section is referring to the December 18, 2006 filing by Southeastern Electric Cooperative, Inc. and Millennium Ethanol, LLC for territory rights to provide temporary electric service in SDPUC docket EL06-022 for temporary electric service and then also in SDPUC docket EL06-023 for permanent electric service to serve the ethanol plant and various associated facilities. Service was made available on a temporary basis in the spring of 2007 with permanent electric service and plant start available on February 25, 2008.

Preparer: Bradley J. Schardin

Title: General Manager, Southeastern Electric Cooperative
