Xcel Energy

Docket No.: EL17-019

Response To: South Dakota Public  
Utilities Commission

Data Request No. 1-7

Requestor: Darren Kearney

Date Received: September 29, 2017

---

Question:

In the table showing all measures that have rebates available in Xcel's 2018 DSM Program, please provide justification for the rebate amounts for each measure that has proposed changes.

Response:

Please see updated Attachment B1, as it appears in our Supplemental Filing, to include justification for each proposed change for Business Lighting Efficiency and the Residential Home Lighting Program. Rebate changes are generally due to a change in the incremental cost of the technology, a new technology being added, or an adjustment in incentive to promote a cost-effective measure. No other program has adjusted rebate levels.
