To: PUC Consumer Info **Subject:** [EXT] EL. 18-003

I received notification from a third party attorney on behalf of the wind company, stating the fact that the are trying to throw out my reasoning for being an interested party in this application. I am sorry for not explaining myself as to my interest in the matter

RE: In the Matter of the Application by Dakota Range I, LLC and Dakota Range II, LLC for to the for an Energy Facility Permit in Grant County and Codington County, South Dakota, for the Dakota Range Wind Project EL 18-003

My property 15610 459th Ave, South Shore SD 57263 is surrounded on all four sides by landowners who have signed leases with Dakota Range I and II, one who owns land on three sides and one whom owns land directly across the road.

I am concerned with many aspects of the application. Following are some of the reasons I feel are important and need to be studied more carefully.

- 1. Audible sound
- 2 . Inaudible sound and vibration/pulsation
- 3. Accompanying sleep deprivation that
- 4. Can cause negative health issues.
- 5. Higher electricity rates
- 6. MASSIVE gov't tax credits
- 7. Shadow flicker
- 8. Barely 35% efficient. Need back up fossil fuel plants that run constantly creating nothing but pollution.
- 9. Trespass Zoning (uncompensated easement without permission)
- 10. Miles and miles and miles of additional transmission lines above and below ground.
- 11. Red flashing warning lights
- 12. Weak or NO decommissioning language in wind ordinances
- 13. Oil leaks from wind turbine
- 14. Ice throw
- 15. Blade throw
- 16. Fire
- 17. Wind turbine collapse
- 18. Stray/Induced Voltage
- 19. Possible damage to water in water wells depending on

layout and location of wind turbine.

- 20. Aesthetics
- 21. Damage to wildlife, domestic and farm animals
- 22. Bird and BAT kills
- 23. Loss of property value
- 24. Reduction in economic growth and expansion
- 25. interference with emergency radio broadcasts
- 26. interferes with crop dusting
- 27. Mercy flight interference
- 28. Damaging to economy of tourist areas

- 29. Destruction of the social fabric in smaller communities
- 30. Toxic/radioactive pollution from mining rare earth metals used in wind turbine magnets.

I feel that have the right to be a part of the hearing and the right to be able to respond with my findings.

Thank you
