Ms. May,

Thank you for your message regarding the commission's decision on the Prevailing Wind docket, EL18-026, made during our May 14, 2019 meeting. Yes, I do recall your testimony as a witness and at this point, it appears to have been somewhat prophetic.

The commission approved of a liaison for the project and here is a link to her contact information in the docket for the reporting of issues and potential violations:

<http://puc.sd.gov/commission/dockets/electric/2018/EL18-026/exhibitab.pdf>. PUC staff will also continue to be available to be advised of potential condition violations as construction continues. If you or others wish to contact the commission about possible violations for this or another docket, whether the message is directed to commissioners or staff, please email PUC@state.sd.us.

Your email and my response will be filed under Comments and Responses in the EL18-026 docket.

Gary Hanson, Chairman
South Dakota Public Utilities Commission
